

## 2<sup>nd</sup> Tropical and Subtropical Green Building Council Alliance

14 – 15 September 2011

Suntec City Convention Center Singapore

### Call for Papers

#### Tropical Architecture . Natural Ventilation . Shading . Three Dimensional Greening . Carbon Accounting

"Tropical and subtropical region Green Building Alliance Conference --- The Second Green Building Technical Forum in tropical and subtropical regions (Topic: Natural Ventilation • Shading • Three-Dimensional Greening • Tropical Architecture • Carbon Accounting)" will be held in Singapore at Suntec City Convention & Exhibition Center on 14th to 15th September 2011.

This year, the forum will be hosted concurrently with BEX ASIA and Green Building Conference organized by Building Construction Authority of Singapore; to promote green building technologies and products; providing a communication platform between green building technologies companies, products manufactures and leaders and guests from all over the world.

To further explore the common problems and development of Green Building faced by tropical and subtropical regions, promoting the rapid and deep development of green building within the area, both SGCB and China GBC has agreed to add in additional two topics on carbon accounting and tropical architecture; with the support from Building Construction Authority of Singapore.

We are expecting Government officials, GBC leaders, experts, scholars, students and others interested in Green Building Sector to join us in this forum. Participants from countries/regions in the tropical & subtropical regions, such as Singapore, Malaysia, Indonesia, Thailand, Australia, India, the Philippines, Vietnam, Argentina, Taiwan, Hong Kong, Macau and China's provinces Guangxi, Guangdong, Fujian, Hainan, Xiamen, Guangzhou and Shenzhen will gather together in Suntec City Convention Centre in Singapore to witness the opening of the event and to discuss the collaboration and development of green building in subtropical region to build the green home together.

If you are experts, scholars and professionals who are committed to promote the development of green building; come forward and join us by submitting your valuable research and papers!

Please see attachment for paper collection requirement and sign-up/submission reply slip.

See you in Singapore on 14 September 2011!
