THE SUSTAINABLE ARCHITECTURE EVENT THAT MAKES A DIFFERENCE

REGISTER NOW

IS COMING TO SINGAPORE

REGISTER NOW

Friday, 7th October 2011 – 9:00am to 6:00pm

[The Singapore Airlines Theatre, LASALLE College of the Arts](#)

Address: 1 McNally Street Singapore 187940

The *FuturArc Forum 2011* is designed as a high profile educational event for architects, consultants, engineers and developers.

The Forum will focus on the principles of sustainable architecture. Moving beyond the usual “why” and “what” questions circulating in the green building arena, *FuturArc Forum 2011* will leap ahead and tackle the challenging questions of “how it is implemented” and “how can it be sustainable”.

Morning Session:

Master Class Workshop on the Principles of Greening: how to drive the design process towards real-world performance

Afternoon Session:

FuturArc Prize and FuturArc Green Leadership Award winners as well as other experts in the field will present their most forward thinking sustainable projects and green building designs

The speakers at the Singapore Forum represent the “Who Is Who” of the sustainable architecture and green building design scene In Southeast Asia And beyond

International Speaker for the
Masterclass session

Prof. Dr. Deo Prasad

Program Director: Sustainable Development
University of New South Wales
