

## GREEN FACILITIES MANAGER - COMMENDATION

**Kenny Low**

### **Head of Department, Mechanical & Electrical International Plaza**

A BCA-certified Green Mark Facilities Professional, Mr. Kenny Low is actively involved in the Facilities Management (FM) community. He had previously contributed in sustaining and enhancing the performance of the chiller plant above the Green Mark requirement for the UWCSEA East Campus, which helped the campus to attain the BCA Green Mark Platinum Award. Upon joining International Plaza as a FM Manager, he has led several initiatives to reduce energy and water consumption of the building, making it more efficient and comfortable for both tenants and visitors. Kenny has also shared his knowledge to the FM community, through site tours at the UWCSEA East Campus, as well as being the guest speaker at several Singapore Certified Energy Manager (SCEM) programmes and BCA Academy Measurement & Verification of Central Chilled-Water Plant Efficiency (M&V) programmes.
