LEADERSHIP IN GREEN BUILDING PRODUCT

Pan-United Corporation Ltd

As Singapore's leading provider of sustainable concrete, Pan-United Corporation Ltd (PanU) takes a holistic view in steering green practices throughout its vertically integrated value chain. Its extensive range of specialised concrete products includes a suite of 150 green concrete products using a high ratio of recycled raw materials. PanU constantly seeks to innovate and customise concrete solutions, such as low carbon concrete, to shape smart cities for the future.

Leveraging advances in concrete and logistics technologies, PanU believes in working closely with both the public and private sectors to enhance and transform Singapore's construction industry, and create more sustainable urban environments.
