

PROFESSIONAL LEADERSHIP IN SUSTAINABILITY

Er. Joseph Goh has contributed vastly to the air-conditioning and mechanical ventilation aspect of green building development. He is the Managing Director of DLM Pte. Ltd., an SGBC EPC L4 rated company which is responsible for the designs and construction of many highly efficient chiller plants in Singapore.

He is a Professional Engineer (Mechanical) and also a council member and Fellow at the Institution of Engineers Singapore (IES). Currently, he serves as a member of the BCA Energy Auditor Registration Committee, certifying professionals for auditing of chiller plant efficiency. He is also appointed by Building and Construction Standards Committee as the Deputy Chairman for the Technical Committee on Building Maintenance and Management which oversees the preparation of the Singapore Standards guiding the design and operations of building systems. Er Joseph Goh aspires to influence the Built Environment community towards a greener and more sustainable Singapore.
